SUMMARY

Graduate BA Animation: 3D Animation student from the University of Arts London with an addiction for video game characters, stories, and cinematics. I live and breathe the stories of both characters and environments, giving people an escape from the hardships that life brings.

EDUCATION / CERTIFICATES

University of the Arts London – June 2023

- BA Animation: 3D Computer Animation: Awarded an Upper Second-Class Honors

Sacred Heart of Mary Girls' School – June 2020 & 2018

- 2 A Levels: Film Studies (B), Fine Art and Design – (A)
- 1 Extended Certificate: Level 3 Extended Certificate in Applied Science – (Merit)
- GCSEs: 1 (8), 1(B), 2(6), 3 (5), 1 (4) Including: Maths, English Language and Fine Art

GREENE KING

- Cellar Management Certificate 2023

EXPERIENCE

Freelance VRChat Avatar Creator | Fiverr May 2020 – July 2020

Discuss the client's ideas and understand their vision for the commission. Creating concept designs to visualise client's thoughts, to creating the model, fully rigged (Full Body Tracking or without), textured, taken into Unity where final shaders would be applied, as well as the final upload, to add into VRChat. Models swiftly completed within 3-7 Days.

This work showed me what it was like working for customers in an artistic space, the crucial communication between myself and the client, building relationships with them to understand what they want. Managing different gigs at once and the technical skills that I was able to learn and grow with every job...

Manager | Collier Row Catholic Club March 2019 – CURRENT

Additional tasks that the regular bar member would not complete. More responsibility and reliability. Learning lots about being in a leadership role.

- Completing the weekly staff rota and allocating shifts, as well as looking after other members of staff during functions or private hall hires.
- Receiving the Keg deliveries from Green King and checking stock inventory, cleaning the lines. Responsible for the money and cashing up at the end of a day shift. As well as open and locking up alone, being trusted with the keys to the Club.
- Registering new members and providing membership cards and fobs, in addition dealing with hall hire bookings (deposits, payments, tabs, tours and queries) and editing the till system to update old and new stock.
- Drawing additional advertisements within the club. I created the official logo for the CRCC.

All of these important responsibilities that show I'm dependable and reliable, about time management and the adaptability to switch between leadership, independence and teamwork. As well as learning a lot about customer service and critical thinking or quick thinking when things go wrong, or issues arise.

STRENGTHS

Close on Detail

The smallest of details can have the largest effect. Capturing them in meaningful ways can change the overall feel of a project – *'The Last Grimm Tale.'*(FMP)

Collaborative

Able to work closely and effectively with other creative individuals to ensure the best success for our collective project. – *'The Last Grimm Tale'*(FMP)/ *'Rooted In Revenge'*(Global Game Jam) / *'Blast Brawlers'* (University/Rockstar North Project)

Problem Solver

Picking up new software, techniques, or styles quickly. Solving technical issues reliably, relating to VR projects, simple game engine errors and blueprints, as well as giving alternatives to the means of a solution. – *'The Last Grimm Tale'* / *'Rooted in Revenge'* (Global Game Jam)

Innovative

Continuously being inspired to change and introduce new techniques and approaches to create interesting and unique character and environments. – *'The Last Grimm Tale'*(FMP)/ *'Rooted In Revenge'*(Global Game Jam) / *'Blast Brawlers'* (University/Rockstar North Project) / *'The Painted Paradox'* (University Project)

*All Projects available on my website.

HOBBIES AND INTERESTS

Gaming

Gaming is a large part of my life, not only in the career I want to go into, but in my personal life. I play a lot of games in my free time, mainly on PC but I do own a PlayStation, and Xbox and a Switch. My personal preference of games are ones with rich story and large universes. Currently my most favourite story games ever are The Wolf Among Us by Telltale Games and Detroit Become Human by Quantic Dream, the characters of both these games are so well written and I'm a sucker for interactive story games as I love the idea of picking your own story with different outcomes.

Cosplay

The games I've played the most however are Destiny 2 and Overwatch /Overwatch 2. Even though these are both first person shooters, which until these specific games had never piqued my interest, they have so much story surrounding the universe, the characters and their worlds are so inspiring. So much so I try and bring them to life. Cosplay has been a part of my life for almost a decade. Whether I hand make the whole costumes or partially make them, becoming characters I love brings me so much joy. I attend many conventions both comic, film and gaming based several times a year to connect with like-minded people and network with people within the field who also attend those events. The main ones I go to are MCM Comic-Con, EGX London and Insomnia Gaming Festival.

Art

I also in my free time create lots of 2D and 3D art for fun! I'm part of the Destiny 2 Art and 3D communities where I interact with other artists and enter Zines and seasonal friendly competitions among artists. Commissions are something I also offer all year round for Guardians.

ACHIEVEMENTS

December 2019 - Jack Petchey Achievement Award

For service to the Fine Arts: Was nominated for the Jack Petchey Achievement Award from my tutors for my contribution towards developing and progressing the Arts within secondary education.

January 2020 - Margaret Ollington Art Achievement Award

Presented by Head of Art at Sacred Heart of Mary Girls' School for sharing my creativity in many ways throughout the school.

August 2022 - LinkedIn Autodesk Maya and Adobe Photoshop Assessments:

Passed in the top 30% of applicants.
